ALLERGY | ASTHMA | IMMUNOLOGY

April 15, 2024

Dear Harker Heights Allergy Patients:

It is with mixed emotions that we would like to inform you that Dr. William F. Long has announced his retirement from Harker Heights Allergy. We are certainly sad to see him leave and we will miss him. On behalf of the company, we would like to thank him for his years of service. As of May 1, 2024, Dr. Long will be operating on reduced hours, and fully retired on July 26, 2024.

I understand that change can be difficult but I am confident that our staff will continue to provide you with the highest level of patient care. Naturally, Dr. Long has agreed to help make a smooth transition. He will work closely with Megan Ruhnke, PA-C to ensure your care is both maintained and effectively transitioned. In addition, Harker Heights Allergy is part of a larger network of Allergy practices with numerous, excellent Allergy and Immunology specialists who will be assisting in providing patient care. We are confident Dr. Long's departure will be seamless for you.

Your confidential medical records will remain with Harker Heights Allergy and are available to our providers to avoid any interruption in care. Of course, you may seek medical care from another provider or contact us to request a copy of your medical records, if you feel it is necessary.
